***Reason for
this recall***

It has been decided certain brand name “Arc” 15” x 6” white (spoke or modular design) steel wheels with a 6 hole bolt pattern manufactured by Xingmin Wheel bearing the rim stamp “07 10 06 Z” or “08 10 16 B” on the back side of the rim and installed as original equipment on Keystone recreational vehicles may have poor weld quality between the center disk and outer rim. The poor weld will cause the outer rim portion of the wheel and tire to separate from the vehicle, leading to an increased risk of property damage and/or vehicle crash. If you have aluminum wheels this recall will affect the spare wheel only.
